The report should focus in particular on the conditions under which non-detriment findings are made and permits and certificates are issued, as well as on the relationship between chartering States and States in which the vessel is registered, in performing those tasks. The report shall also include any cases where Parties have been unable to take advantage of this provision, including in situations where at least one of the States involved is not party to a relevant Regional Fishery Management Organization/Arrangement (RFMO/A).

Between now and the 17th meeting of the Conference of the Parties (CoP17), the Secretariat shall further communicate with the Secretariat of the relevant RFMO/A and other relevant international organizations, in particular regarding the implementation of the relevant obligations resulting from these RFMO/As or other international organizations, and share information provided with Parties on a timely basis.
