

Physical inspection of timber shipments

Directed to the Secretariat

- 16.58 By the 65th meeting of the Standing Committee, the Secretariat shall:
- a) obtain information and materials from those Parties that have reported that they have developed tools and procedures for the identification and measurement of CITES-listed tree species, and the physical inspection of timber shipments;
 - b) publish the information on the CITES website so that it can be accessed by CITES plant inspection and enforcement authorities; and
 - c) incorporate this information into its capacity-building activities related to timber trade.
